

OPERATING INSTRUCTIONS

This mirror is fitted with a memory function and will remember your last settings after switching off.

Colour Change Mode

Hold hand over sensor when the mirror is off. It will turn on and start changing the light colour. Remove hand from sensor when at the required colour.

Turn on

Swipe hand over sensor. Mirror will now turn on in last used settings

Dimmer

With mirror on, hold hand over sensor to activate dimmer mode.

OFF

Wait 5 seconds after using any function and swipe hand over sensor to turn off.
